

# S-GO VIDEO

S-GO Video wants to offer the best service possible to you, our customers. To do this we have decided to add a UPS Battery Backup to our television equipment. This piece of equipment will benefit you as well as S-GO Video if used correctly. Here are a couple of things we ask to keep the battery working to your advantage. Please do not move the equipment from the original point of installation. S-GO Video does not care if you plug in your own personal home equipment as long as ours is not moved from the original position. This equipment is like the other and is to be returned to the S-GO office upon disconnection, if not returned there will be a \$40.00 charge added to your bill.

If you need to move the battery for any reason please contact the S-GO Office at **417-776-5500**. By doing this we are taking precautions to protect our equipment as well as provide a better service for you. Thank You.
